Sir,

With reference to Government Order No L.6155-6/M1 28-25-50 dated 25th March 1926, sanctioning the establishment of two Lady Health Visitors, each on Rs 75/- plus Rs 30/- conveyance allowance with 2 peons on Rs 10-1-12 each per mensem to each Lady Health Visitor, for a period of 6 months, I have the honour to state that applications were invited for the filling up of these posts In all 12 applications were received but only 5 of them possessed fair qualifications and when they were asked to appear before me, only 3 appeared and of these three only one was a suitable candidate but she did not know Kanarese No appointment was therefore made

2 The whole question was again considered at the time of the discussion of the Budget estimates of the Municipality for 1926-27, and an extra provision of Rs 1000 was made under the head "Lady Health Visitors" with a view to make the post attractive to a candidate of superior qualifications

3 The Government in sanctioning the Budget Estimates of the City Municipality have retained the extra provision of Rs 1000 At the meeting of the City Municipal Council held on the 15th September 1926, the Council considered the subject again very carefully with [illegible]

For Municipal Commissioner.

[illegible] appointment of two Lady Health Visitors on a pay of [illegible] and with 2 servants on 10-1-12 soon for a period of 6 [illegible] tions were accordingly invited for the posts thus cre[illegible] applications were received, only about 5 applicants bein[illegible] with the prescribed language. Five of the applicants who [illegible] qualifications were requested to appear before the Com[illegible] interview him. Only three candidates appeared before the [illegible] Vaya Benjamin was a suitable candidate, but she did [illegible] appointment was therefore made. Further, consent to the resolution of the Council was not received [illegible] Meanwhile, seeing that suitable candidates were not [illegible] question was reconsidered at Budget time and the Council made [illegible] extra provision of Rs 1,000 under the Head, "Lady Health Visitors" with a view to appoint a lady of higher qualifications on a higher salary to one of the posts of Lady Health Visitors. This provision has been retained in the sanctioned Budget.

2. The Health Officer in his letter No. 96 dated 12th July 1948 states that it is not conducive to smooth working to have 2 Lady Health Visitors on different salaries, when both of them have to do the same kind of work. He suggests with a view to attract the right sort of candidates, the pay being fixed at Rs 75-8-125.

3. The points now for consideration are as follows. ---

(1) whether or not there should be two grades of Lady Health Visitors. One on Rs 150 and another on Rs 75/-?

(2) whether there is any real need for appointing Lady Health Visitors of the type of candidates who applied for the post ?

(3) xx if a better class of candidates have to be attracted for the posts, whether the pay of " 75/- is sufficiently attractive "

4. As regards, (1), I agree with the Health Officer that it is not desirable to have to grades of Lady Health Visitors with different[illegible] and salary. The chief duties to be performed by the Health [illegible]

[illegible]

visitors are to exercise control over the work of the Dhawives and then pay house to house visits to advise prospective mothers in -- matters of personal and domestic hygiene and to bring them into -- touch with Medical authorities where there is need In this view both the Health Visitors have to do the same work and as such draw the same salary

As regards (2), I must confess that I was not much impressed with the attainments possessed by the Candidates who appeared before me They had not the requisite qualifications

As regards (3), I feel that unless the pay is made more attractive the right sort of candidates will not be forthcoming and it would be no good spending money on inexperienced recruits, who have just -- passed out of the training course ~~xxxxxxxxx~~ Unless we can have the services of duly qualified candidates who have had experience for a few years as Lady Health Visitors, it would be purely an experiment with Municipal funds to appoint candidates who have had no practical experience in Cities. Further it is essential that candidates to be appointed should know both Kanarese and Hindustani If we can get such candidates, we may even raise the pay to Rs 100 ~~xxx~~ raising to 125/-.

5. I understand that one appointment is enough if the duty to be performed by the Lady Health Visitor is only supervision over the work done by the Midwives and two appointments are necessary if all the duties detailed by the Health Officer in his memo are to be performed.

I would conclude by adding that if proper candidates are not -- forthcoming, the appointments need not be made.
